मन्न की बात

SIMILARLY, ECORECO IN MUMBAI, HAS DEVELOPED A SYSTEM...

We are extremely proud to share that on 11th Feb, 2025, we were honoured with the 2024 HURUN Industry Achievement Award-Champion of Sustainable E-waste Management.

This award has been instituted by the HURUN under "Promoting Entrepreneurship Through Quality Lists and Research". We are thankful to HURUN & its Team for extending this honour to our CMD Shri B K Soni, who pioneered the concept of Organised E-waste Recycling in India. Eco Recycling Ltd is in the business of E-waste Recycling since 2005 and have won several accolades & awards from prestigious organizations like FICCI, Lockheed Martin, DST, WRI, CII, Sankalp, Municipalika and many more. Ecoreco & its Mobile App, BookMyJunk were mentioned by the PM Shri Narendra Modiji in his 97th Mann Ki Baat and appreciated its contribution in the Circular Economy. The above award is another feather in the cap of Ecoreco, India's very first authorised & registered e-waste recycling company.

Ecoreco has introduced several technologies & methodologies in its facilities to manage E-waste & Li-ion Batteries scientifically. Ecoreco is a debt free company and is in the process extending its capabilities further by setting up a plant for Critical Minerals recovery out of PCBs & Black Mass for onward use by the Electronic Device Manufacturers in the Country. It may not be out of place to mention that recovery of Critical Minerals out of the Urban Mining does not only reduce the burden on otherwise limited mines available in the Country but also restricts import from other countries, which eventually saves Foreign Currency outgo. Such steps meet the Circular Economy Mission of the Central Government and provides sustainable source of Critical Minerals.
